

Programme Manager, Health Economics

The Bermuda Health Council (BHeC) is seeking an individual with a health economics background to take up the position of Programme Manager, Health Economics. Reporting to the Chief Executive Officer, the post-holder will lead on BHeC functions related to oversight and developments in health system financing, economics and insurance.

Job Description

- Lead on the regulation and licensing of health insurers
- Produce the annual National Health Accounts Report
- Commission, evaluate and utilize actuarial reviews
- Analyse data sets to understand patterns of healthcare service utilization and cost
- Design and conduct publishable studies to meet the BHeC's mandate, including benefit incidence analyses, population surveys, cost-effectiveness, burden of disease, etc.
- Manage BHeC deliverables on health financing and health insurance
- Manage relationships with external stakeholders and consultants working on projects and publications
- Represent the BHeC on matters related to health financing

Experience / Qualifications Required

- Undergraduate degree in economics
- A post-graduate degree in health, economics, finance or a discipline related to health economics
- A minimum of five years post qualification experience preferably within the health sector
- Experience working with health systems in international contexts

Key Knowledge, Skills and Abilities Required

- Technical and analytic capabilities in financial modelling and economic evaluation
- Knowledge and technical skills in health policy
- Proven technical skills in research, statistics and quantitative analysis of health data
- Excellent analytic skills
- Excellent communication and interpersonal skills
- Highly developed writing skills, preferably with experience of academic publications
- Proven ability to influence individuals and manage people and contractors
- Excellent organisational skills and ability to prioritise among competing tasks

Interested persons should apply in writing, enclosing a detailed resume and cover letter to:

Director, Corporate Office
Bermuda Health Council

Hamilton, HM PX
Email: vjfrancis@bhec.bm

Closing date: 1st May 2011

The Bermuda Health Council is a Quasi-Autonomous Non-Governmental Organisation (QUANGO) with responsibility for regulating, coordinating and enhancing health services in Bermuda. Established by the Bermuda Health Council Act 2004 and BHeC has been in place since 2006. Key aspects of BHeC's purpose are to ensure public access to essential health services under the Health Insurance Act 1970, regulate health services, businesses and professionals, regulate the price of prescription drugs, license health insurers and health service providers, and advise the Minister of Health.
