Register of Physicians
January 2012

The Bermuda Medical Council wishes to advise the public that ONLY individuals registered as medical practitioners with the Bermuda Medical Council can practice as a medical practitioner and use the name, title or description 'medical practitioner' (physician) in Bermuda (see Medical Practitioners Act 1950).

Medical practitioners are required by law to re-register every 2 years and must maintain professional competency through continuing medical education. Registration must be current and a valid registration may be displayed at the workplace. Practitioners currently registered are listed below. Inquiries can be directed to the Registrar of the Council at 278-4921.
